Item 8.01. Other Events.

On July 18, 2017, RLJ Lodging Trust ("RLJ") and FelCor Lodging Trust Incorporated ("FelCor") each filed with the Securities and Exchange Commission (the "SEC") a joint proxy statement/prospectus (the "Definitive Proxy Statement") with respect to the special meeting of RLJ shareholders scheduled to be held on August 15, 2017 (the "RLJ Special Meeting") to, among other things, vote on a proposal to approve the issuance of common shares of beneficial interest, par value \$0.01 per share, of RLJ pursuant to the Agreement and Plan of Merger (the "Merger Agreement"), dated as of April 23, 2017, by and among RLJ, FelCor and the other entities party thereto, and the special meeting of FelCor common stockholders scheduled to be held on August 15, 2017 (the "FelCor Special Meeting" and, together with the RLJ Special Meeting, the "Special Meetings") to, among other things, vote on a proposal to approve the previously announced proposed merger of FelCor and RLJ pursuant to the Merger Agreement.

As previously disclosed in the Definitive Proxy Statement, three putative class actions have been filed in Maryland by purported stockholders of FelCor challenging the merger of RLJ and FelCor. The first suit, styled as *George Assad v. FelCor Lodging Trust Inc., et al.*, No. 1:17-cv-01744-ELH, was filed in the United States District Court for the District of Maryland (the "Court") on June 26, 2017 and is against FelCor, its directors (including Steven R. Goldman, who is also an officer), FelCor Lodging Limited Partnership ("FelCor LP"), RLJ, RLJ Lodging Trust, L.P. ("RLJ LP"), Rangers Sub I, LLC (the "REIT Merger Sub"), and Rangers Sub II, LP (the "Partnership Merger Sub") (the "Assad Lawsuit"). The second suit, styled as *Martin Johnson v. FelCor Lodging Trust Inc., et al.*, No. 1:17-cv-01786-ELH, was filed with the Court on June 28, 2017 and is against FelCor and its directors (including Steven R. Goldman, who is also an officer) (the "Johnson Lawsuit"). The third suit, styled as *Sachs Investment Group v. FelCor Lodging Trust Inc., et al.*, No. 1:17-cv-01933-ELH, was filed with the Court on July 11, 2017 and is against FelCor and its directors (including Steven R. Goldman, who is also an officer) (the "Sachs Lawsuit" and, together with the Assad Lawsuit and Johnson Lawsuit, the "Maryland Lawsuits"). A fourth suit, styled as *Judy G. Bagheri v. FelCor Lodging Trust Inc., et al.*, No. 3:17-cv-01892-C, was filed in the United States District Court for the Northern District of Texas on July 17, 2017 and is against

FelCor, its directors (including Steven R. Goldman, who is also an officer), FelCor LP, RLJ, RLJ LP, the REIT Merger Sub, and the Partnership Merger Sub (the “Texas Lawsuit” and, together with the Maryland Lawsuits, the “Lawsuits”).

The Lawsuits allege that FelCor and its directors violated Section 14(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and Rule 14a-9 promulgated thereunder by disseminating a false and misleading Form S-4 containing a joint proxy statement/prospectus. The Lawsuits further allege that FelCor’s directors violated Section 20(a) of the Exchange Act by failing to exercise proper control over the person(s) who violated Section 14(a) of the Exchange Act. The Assad and Texas Lawsuits further allege that RLJ violated Section 20(a) of the Exchange Act. Among other relief, the plaintiffs in the Lawsuits sought to enjoin the Mergers.

On July 21, 2017, the plaintiff in the Johnson Lawsuit filed a motion for a preliminary injunction seeking to enjoin the merger. A hearing on that motion for a preliminary injunction is scheduled for August 14, 2017.

RLJ and FelCor continue to believe that the claims asserted in the Lawsuits are without merit, and further believe that no supplemental disclosure is required under applicable laws. However, RLJ and FelCor wish to make certain supplemental disclosures related to the Merger Agreement.

Important information concerning the Mergers is set forth in the Definitive Proxy Statement. The Definitive Proxy Statement is amended and supplemented by, and should be read as part of, and in conjunction with, the information set forth in this Current Report on Form 8-K. Capitalized terms used in this Current Report on Form 8-K but not otherwise defined herein have the meanings ascribed to those terms in the Definitive Proxy Statement.

SUPPLEMENT TO JOINT PROXY STATEMENT/PROSPECTUS

FelCor and RLJ have agreed to make the following amended and supplemental disclosures to the Definitive Proxy Statement. This supplemental information should be read in conjunction with the Definitive Proxy Statement, which should be read in its entirety. Page references in the below disclosures are to the Definitive Proxy Statement, and defined terms used but not defined herein have the meanings set forth in the Definitive Proxy Statement. Without admitting in any way that the disclosures below are material or otherwise required by law, FelCor and RLJ make the following amended and supplemental disclosures:

The section of the Definitive Proxy Statement entitled “The REIT Merger—Background of the Mergers” is amended and supplemented as follows:

The third full paragraph on page 74 of the Definitive Proxy Statement is replaced, in its entirety, with the following:

On April 21, 2017, the FelCor Board was furnished with an updated memorandum, dated April 19, 2017, disclosing certain relationships between BofA Merrill Lynch and its affiliates, on the one hand, and FelCor, RLJ and AHT and certain of their affiliates, on the other hand, during the prior two calendar years as well as the first quarter of 2017. Such memorandum disclosed, among other things, that BofA Merrill Lynch had received from AHT and certain of its affiliates corporate banking and global markets revenues of less than \$1 million in each of calendar years 2015 and 2016, and less than \$100,000 in the first quarter of 2017.

The section of the Definitive Proxy Statement entitled “The REIT Merger—Opinion of RLJ’s Financial Advisor” is amended and supplemented as follows:

The second and third full paragraphs on page 86 of the Definitive Proxy Statement under the subheading “—Discounted Cash Flow Analysis” are replaced, in their entirety, with the following:

To calculate the estimated enterprise value of RLJ using the discounted cash flow method, Barclays added RLJ’s (i) projected unlevered free cash flows for fiscal years 2017 through 2021 based on the RLJ Projections to (ii) the “terminal value” as of 2022 for RLJ, and discounted such amounts to their respective present value using a range of selected discount rates. The unlevered free cash flows were calculated by taking earnings before interest, tax expense, depreciation and amortization (“EBITDA”) and subtracting capital expenditures, taxes and working capital requirements. The residual value of RLJ at the end of the forecast period, or “terminal value,” was estimated by selecting a range of multiples of 11.5x to 12.5x, which was based on Barclays’ professional judgment and experience, and which was applied to the estimated 2022 EBITDA. The cash flows and terminal values were then discounted to present value as of December 31, 2016 using discount rates ranging from 8.5% to 9.5%. The range of discount rates was selected based on an analysis of the weighted average cost of capital of RLJ utilizing the capital asset pricing model (“CAPM”). Barclays then calculated a range of implied prices per share of RLJ by subtracting estimated net debt as of December 31, 2016 from the estimated enterprise value using the discounted cash flow method and dividing such amount by the fully diluted number of RLJ Common Shares.

To calculate the estimated enterprise value of FelCor using the discounted cash flow method, Barclays added FelCor’s (i) projected unlevered free cash flows for fiscal years 2017 through 2021 based on the Adjusted FelCor Projections, (ii) the “terminal value” as of 2022 for FelCor, and discounted such amounts to their respective present value using a range of selected discount rates, (iii) projected unlevered free cash flows for one asset subject to a ground lease expected to be terminated in the future, discounted to its present value using a range of selected discount rates and (iv) the estimated market value provided by management of RLJ for select assets not included in the unlevered free cash flows or terminal value of FelCor. The unlevered free cash flows were calculated by taking EBITDA and subtracting capital expenditures, taxes and other working capital requirements. The residual value of FelCor at the end of the forecast period, or “terminal value,” was estimated by selecting a range of multiples of 12.0x to 13.0x, which was based on Barclays’ professional judgment and experience, and which was applied to the estimated 2022 EBITDA. The cash flows and terminal values were then discounted to present value as of December 31, 2016 using discount rates ranging from 9.0% to 10.0%. The range of discount rates was

3

selected based on an analysis of the weighted average cost of capital of FelCor utilizing the CAPM. Barclays then calculated a range of implied prices per share of FelCor by subtracting estimated net debt (as adjusted for expected net cash proceeds for one asset under contract for sale at the time of signing the Merger Agreement) and the liquidation value of convertible preferred equity as of December 31, 2016 from the estimated

enterprise value using the discounted cash flow method and dividing such amount by the fully diluted number of shares of FelCor Common Stock. The following summarizes the result of these calculations for each of RLJ and FelCor:

The first full paragraph on page 88 of the Definitive Proxy Statement under the subheading “—Selected Comparable Public Company Analysis” is replaced, in its entirety, with the following:

The following summarizes the result of these calculations:

The first full paragraph on page 90 of the Definitive Proxy Statement under the subheading “—General” is replaced, in its entirety, with the following:

Barclays is acting as financial advisor to RLJ in connection with the Mergers and will receive a fee for its services of approximately \$11 million if the Mergers consummate, \$1 million of which was payable upon rendering its opinion and the remainder of which is contingent upon the consummation of the Mergers. RLJ has agreed to reimburse Barclays for its reasonable expenses and indemnify Barclays for certain liabilities that may arise out of its engagement. Barclays has performed various investment banking services for RLJ in the past, and expects to perform such services in the future, and has received, and expects to receive, customary fees for such services. Specifically, in the past three years, Barclays has

performed the following investment banking and financial services: (i) in May 2014, as lead underwriter for RLJ's public offering of RLJ Common Shares and (ii) currently as a lender in RLJ's revolving credit facility. Other than acting as solicitation agent on the consent solicitation relating to a proposed amendment to the indenture governing FelCor Lodging Limited Partnership's 6.00% Senior Notes due 2025, Barclays has not provided investment banking or financial services to FelCor in the past two years. Barclays will receive customary fees related to the consent solicitation.

Financial data of RLJ were based on the RLJ forecasts. The FelCor selected REITs and their respective multiples are as follows:

BofA Merrill Lynch reviewed, to the extent publicly available, financial information relating to twenty selected transactions involving companies in the lodging industry. BofA Merrill Lynch reviewed transaction values, calculated as the enterprise value implied for the target company based on the consideration payable in the selected transaction, as a multiple of the target company’s one-year forward estimated EBITDA (which we refer to in this section of this proxy statement as one-year forward EBITDA multiples). The observed median and mean one-year forward estimated EBITDA multiples for the selected transactions were 12.4x and 12.9x, respectively. BofA Merrill Lynch then deducted from FelCor’s 2017 estimated EBITDA the EBITDA attributable to certain assets that were assumed for disposition in the FelCor forecasts. BofA Merrill Lynch then applied a selected range of one-year forward estimated EBITDA multiples of 11.0x to 14.0x, derived from the selected transactions to FelCor’s calendar year 2017 estimated EBITDA, as adjusted for dispositions. Estimated financial data of the selected transactions were based on publicly available information at the time of announcement of the relevant transaction. Estimated financial data of FelCor were based on the FelCor forecasts. Net disposition proceeds, after transaction costs and debt attributable to the disposed assets, totaled \$514 million, per the FelCor forecasts, and were assumed as cash on the balance sheet for the purposes of BofA Merrill Lynch’s analysis. The selected transactions and their respective multiples are as follows:

This analysis indicated the following approximate implied per share equity value reference range for FelCor, as compared to the implied value of the merger consideration based on the closing price of RLJ Common Shares as of April 21, 2017:

The first paragraph on page 97 of the Definitive Proxy Statement under the subheading “—Discounted Cash Flow Analyses” is replaced, in its entirety, with the following:

BofA Merrill Lynch performed separate discounted cash flow analyses of FelCor and RLJ to calculate ranges of implied present values of the unlevered, after-tax free cash flows that FelCor and RLJ were forecasted to generate during fiscal years ending December 31, 2017 through December 31, 2021 utilizing the FelCor forecasts (reflecting the assumptions of FelCor’s management with respect to the utilization of FelCor’s net operating loss tax carryforwards) and the RLJ forecasts, respectively.

The second paragraph on page 97 of the Definitive Proxy Statement under the subheading “—Discounted Cash Flow Analyses” is replaced, in its entirety, with the following:

FelCor. In performing a discounted cash flow analysis of FelCor, BofA Merrill Lynch derived implied terminal values for FelCor by applying terminal forward multiples of 11.0x to 12.0x to FelCor’s estimated forward EBITDA in the terminal year. Present values (as of January 1, 2017 based on mid-year convention) of the cash flows and terminal values were then calculated using a selected discount rate range of 9.0% to 10.0%, based on an estimate of FelCor’s weighted average cost of capital obtained using the Capital Asset Pricing Model (which takes into account the risk free rate, the levered beta of the company, the applicable equity market risk premium, any applicable size premium and the estimated cost of debt). Included in this analysis were certain dispositions as set forth in the FelCor forecasts. This analysis indicated an approximate implied per share equity value reference range for FelCor of \$7.00 to \$8.80. The estimated terminal year EBITDA used for purposes of this analysis was \$237 million (which includes a deduction for the elimination of the Wyndham guarantee).

The third paragraph on page 97 of the Definitive Proxy Statement under the subheading “—Discounted Cash Flow Analyses” is replaced, in its entirety, with the following:

RLJ. In performing a discounted cash flow analysis of RLJ, BofA Merrill Lynch derived implied terminal values for RLJ by applying terminal forward multiples of 11.0x to 12.0x to RLJ’s estimated forward EBITDA in the terminal year. Present values (as of January 1, 2017 based on mid-year convention) of the cash flows and terminal values were then calculated using a selected discount rate range of 8.5% to 9.5%, based on an estimate of RLJ’s weighted average cost of capital obtained using the Capital Asset Pricing Model. This analysis indicated an approximate implied per share equity value reference range for RLJ of \$22.80 to \$26.30. The estimated terminal year EBITDA used for purposes of this analysis was \$418 million.

The second paragraph on page 97 of the Definitive Proxy Statement under the subheading “—Net Asset Value Analyses” is replaced, in its entirety, with the following:

FelCor. BofA Merrill Lynch performed a net asset value analysis of FelCor based on the FelCor forecasts and NAV Estimates. At the direction of FelCor management, BofA Merrill Lynch did not attribute any value to FelCor’s net operating loss tax carryforwards for purposes of this analysis. An estimated range of operating real estate values for FelCor was calculated on a property-by-property basis, taking into account FelCor’s net indebtedness and preferred equity, which further implied a range of capitalization rates from

8

7.0% to 7.4%, with a midpoint of 7.2%. This analysis indicated an approximate implied per share equity value reference range for FelCor of \$7.60 to \$8.80.

The third paragraph on page 97 of the Definitive Proxy Statement under the subheading “—Net Asset Value Analyses” is replaced, in its entirety, with the following:

RLJ. BofA Merrill Lynch performed a net asset value analysis of RLJ based on the RLJ forecasts and NAV Estimates. An estimated range of operating real estate values for RLJ was calculated on a property-by-property basis, taking into account RLJ’s net indebtedness, which further implied a range of capitalization rates from 7.5% to 7.9%, with a midpoint of 7.7%. This analysis indicated an approximate implied per share equity value reference range for RLJ of \$24.40 to \$26.40.

The first sentence of the first full paragraph on page 101 of the Definitive Proxy Statement under the subheading “—Miscellaneous” is replaced, in its entirety, with the following:

In addition, BofA Merrill Lynch and its affiliates in the past have provided, currently are providing, and in the future may provide, investment banking, commercial banking and other financial services to RLJ and have received or in the future may receive compensation for the rendering of these services, including having acted as a joint book runner and co-lead arranger for, and as a lender under, certain loans and/or revolvers for RLJ.

The section of the Definitive Proxy Statement entitled “The REIT Merger—Certain RLJ Unaudited Prospective Financial Information” is amended and supplemented as follows:

The section of the Definitive Proxy Statement entitled “—RLJ Adjusted Projections” is replaced, in its entirety, with the following:

RLJ Adjusted Projections

The following table presents selected unaudited prospective financial data for the fiscal years ending 2017 through 2021 for RLJ on a standalone basis. The RLJ Adjusted Projections were underwritten by RLJ’s management solely for internal purposes. The RLJ Adjusted Projections were not updated to account for any circumstances or events occurring after the date they were initially prepared and therefore should not be relied on as predictive of actual future results. In assessing the Merger, RLJ’s management applied a more conservative underwriting methodology, including the acceleration of select capital expenditures. As a result, the RLJ Adjusted Projections vary from the projections RLJ’s management provided to FelCor’s management in February 2017.

	Year Ended December 31,				
	2017E	2018E	2019E	2020E	2021E

Unlevered Free Cash Flow(2)	\$ 285	\$ 186	\$ 185	\$ 245	\$ 256

(1) Adjusted EBITDA is a non-GAAP financial performance measure composed of EBITDA, further adjusted to exclude (1) transaction and pursuit costs, (2) non-cash gain or loss on the sale of assets, (3) amortization of share-based compensation, (4) non-cash income taxes, (5) property-level severance costs, (6) debt modification and extinguishment costs, and (7) other income and expenses outside the normal course of operations.

(2) Unlevered Free Cash Flow is a non-GAAP financial measure that is defined as Adjusted EBITDA less certain items such as capital expenditures and changes in working capital. Unlevered Free Cash Flow should not be considered as an alternative to net income as a measure of operating performance or cash provided by operating activities as a cash flow measurement.

(3) Below is further detail on how the above amounts are calculated:

Additionally, RLJ made assumptions regarding hotel capital needs, debt, and corporate general and expenses.

RLJ Adjusted FelCor Projections

The following is a summary of the RLJ Adjusted FelCor Projections. As with the RLJ Adjusted Projections, RLJ’s management derived its RLJ Adjusted FelCor Projections using a similar conservative methodology, including applying more conservative capital estimates and corresponding revenue disruption. The RLJ Adjusted FelCor Projections are based solely on the information available to RLJ’s management at the time they were prepared and were not updated to account for any circumstances or events occurring after the date they were initially prepared; therefore they should not be relied on as predictive of actual future results.

	Year Ended December 31,				
	2017E	2018E	2019E	2020E	2021E
	(\$ in millions)				
Adjusted EBITDA (excluding select assets)(1)	\$ 200	\$ 201	\$ 211	\$ 221	\$ 233
Unlevered Free Cash Flow(2)	\$ 75	\$ 11	\$ 85	\$ 131	\$ 191

(1) Adjusted EBITDA is a non-GAAP financial performance measure composed of EBITDA, further adjusted to exclude (1) transaction and pursuit costs, (2) non-cash gain or loss on the sale of assets, (3) amortization of share-based compensation, (4) non-cash income taxes, (5) property-level severance costs, (6) debt modification and extinguishment costs, and (7) other income and expenses outside the normal course of operations. Adjusted EBITDA was further adjusted to exclude select assets as of January 1, 2017 that were identified for potential future disposition.

(2) Unlevered Free Cash Flow is a non-GAAP financial measure that is defined as Adjusted EBITDA less certain items such as capital expenditures and changes in working capital. Unlevered Free Cash Flow should not be considered as an alternative to net income as a measure of operating performance or cash provided by operating activities as a cash flow measurement. These amounts exclude net proceeds from asset dispositions.

(3) Below is further detail on how the above amounts are calculated:

The section of the Definitive Proxy Statement entitled “—FelCor Projections” is replaced, in its entirety, with the following:

FelCor Projections

The FelCor Projections were based on numerous variables and assumptions, including the following: (1) potentially selling up to six hotels (including three that were already being marketed)—for total net proceeds of \$638 million (not including a debt repayment of \$124 million); (2) cash flow projections based on FelCor’s business plan for 2017 through 2021; (3) certain levels of property-level net operating income and capital costs based on property-specific assumptions; (4) no share issuances or buybacks during the projections period; and (5) a \$0.24 per share annual common stock dividend during the projection period. FelCor management assumed total net proceeds from asset sales of \$514 million, based on gross proceeds of \$715 million less debt repayment of \$124 million and fees and costs of \$77 million (includes transaction related expenses and the purchase of a ground lease interest).

The FelCor Projections were provided to the FelCor Board and FelCor’s financial advisors, BofA Merrill Lynch. The FelCor Projections were not updated to account for any circumstances or events occurring after the date they were initially prepared and therefore should not be relied on as predictive of actual future results. The following table presents a summary of the FelCor Projections for the calendar years ending 2017 through 2021 for FelCor on a standalone basis and includes FelCor’s share of partnerships and joint ventures.

- (1) Adjusted EBITDA is a non-GAAP financial performance measure composed of EBITDA, further adjusted to exclude (1) unconsolidated partnerships and joint ventures, (2) gains and losses related to extinguishment of debt and interest rate swaps, (3) gains or losses on the sale of depreciable assets and impairment losses, (4) cumulative effects of any changes in accounting principles, (5) other expenses and costs outside the normal course of operations and (6) variable stock compensation. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect Adjusted EBITDA on the same basis. Adjusted EBITDA was further adjusted to exclude select assets as of December 31, 2017 that were identified for potential future disposition.
- (2) Unlevered Free Cash Flow is a non-GAAP financial measure that is defined as Adjusted EBITDA less certain items such as capital expenditures and changes in working capital.
